# Student Registration

A student Seminar is being scheduled to take place at Otago Polytechnic at the same time as the Master classes are taking place, prior to the NZ Potters conference. The seminar will include studio, glaze and history lecture/demonstrations. The cost for this is purely the catering cost for the Morning and Afternoon teas, Lunch and Evening meal.

We are also offering a discounted fee for the main conference which enables you to stay on to the main conference and the fee covers our costs.

Attendance at a Masterclass for all is the full \$425.00.

**Registration details. Please print clearly.**

---

first name                      surname                      area code/telephone number  
 Postal address                      email
